*(Provisionally adopted the 16th day of September, A. D. 1893.)*

WHEREAS a majority in number and value of the owners, as shown by the last revised Assessment Roll, of the property hereinafter set forth to be benefitted by Drainage and Dyking, have petitioned the Council of the District of Burnaby praying that the Council should in virtue of the "Municipal Act, 1892," and Act amending the same, procure an examination to be made, by an Engineer or a Land Surveyor, of the low land situated between the line of road as formed or staked out of the North Arm Road on the one side and the north bank of the North Arm of the Fraser River on the other side, so far as the same is within the District of Burnaby, and also plans and estimates of the dyking and drainage work by such Engineer or Surveyor, and an assessment of the lands to be benefitted by such drainage and dyking, stating as nearly as may be in the opinion of the Engineer or Surveyor the proportion of benefit to be derived by such drainage and dyking by every road, lot, or portion of lot, and thereafter to pass the necessary By-law and carry out the other provisions of the Municipal Acts in reference to draining and dyking for providing funds for the work being done, levying assessments and carrying out the work, and generally to do or cause to be done all that is necessary and lawful in the circumstances.

And whereas therupon the Council procured an examination to be made by Mr. J. W. Vaughan, Provincial Land Surveyor in New Westminster (being a person competent for such purpose), of the said locality proposed to be dyked and drained, and has also procured plans and estimates of the work to be made by the said J. W.
